

Production Schedule **CORNERED**

Selecting A Line Producer: March, 2019.

Several local emerging producers have expressed interest in working on CORNERED; however they are submitting on other projects and not available yet. We have three producers from out of Province who want to join the team, but they are not residents of Manitoba, and we would prefer to work with a local Producer. Sheldon Charron will Produce the film for the interim, but will add a Line Producer ASAP and before beginning Pre-Production. From then on, Sheldon will assist with producing where necessary, and will also assist with securing distribution, but will focus on writing a fresh draft of the script and directing the film.
